

Wall Mounted Door Holder

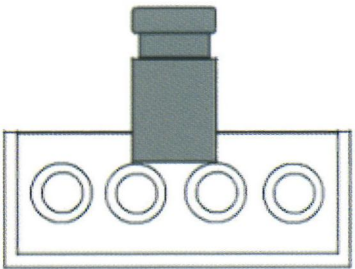

Technical Parameters	
Input voltage :	DC12V/24V (Optional)
Working Current :	DC12V/170mA or DC24V/85 MA
Holding Force :	60kg(120Lbs) Straight-line pulling force
Operation Temperature :	0~55℃
Operation Humidity :	0~95%
Weight :	1.00 kg
Features: Dual Voltage: DC12V/24V(optional) Emergency release button or test button Wall Mounted Low-power design Fail Safe Security Settings Durable operation
