## How to set face attendance on NVR

1. Create a DATABASE on your NVR: go to AI/EVENT > Database > Add Group

叁 AI / Event			Live display	Camera	Record		Disk	Network	Account and authority	System	×
Event notification											
Alarm out   E-mail   Display Buzzer   Push Message Audio   Light   Alarm Server											
		emplo(1)							۵	$\odot$	
🕮 AI Event											
Face Recognition   LPR Al Perimeter Detection Others											
⊟ Database				Edit group		×					
Face Database											
General Event			Group name	employee							
Motion   Sensor				🗹 Enable							
Combined Alert   IPC Offline General Faults				OK	Cance						
Alert Status											
Alert Status											
	Face Recognitio	n 🗷				Ad	ld Face	Ac	ld group		

Add faces to this group.

2. Set up face recognition for desired cameras, and link the database you've created to these cameras:

Go to: AI / Event > Face recognition > Enable face detection:

Go to: Recognition:

差 AI / Event		Live display	Camera Record	AI / Event	Disk Network					
Event notification	Camera name	Main Passage	ain Passage							
Alarm out   E-mail   Display Buzzer   Push Message Audio   Light   Alarm Server	Face Recognition LPF Detection Recognition De Eace Database 7	R etection Recognition	Al Perimeter Detection Line Crossing	Others Item Monitoring	Crowd Gathering					
Al Event     Face Recognition   LPR     Al Perimeter Detection     Others	Frace Database       Venicle Database       Stelle Area       Object Counting       C         Enable       Successful Recognition       Unmatched       recognition       recognition         Parameter Settings       Successful Recognition       Unmatched       Check successful									
Database     Face Database     Vehicle Database	Face Group        Face Group     Image: Comparison of the second s	employee Mar	employee Manage Set schedule							
General Event Motion   Sensor Combined Alert   IPC Offline	Text Prompt		Voice Prompt		~					
General Faults	Trigger General  Push Buzzer	Record Conti Main Passage	gure Alarm out	Configure Si	nap Configure					
	Uideo Pop-up									
	Message Box Pop-up									

After setting your NVR as described above, your system can now be used as face attendance, since it is comparing faces to it's database, and collects first / last time of face appearance.
