

SP-4003 SPW-220

Satel®

SP-4003 and SPW-220 are innovative sirens utilizing ultra-bright LED technology for optical signaling. Together with effective acoustic signalling, those sirens cannot be left unnoticed.

SP-4003

SP-4003 Outdoor siren with LED strobe

- compatible with all alarm control panels
- acoustic signal - piezo
- optical signal - LED sets
- 4 different sounds available
- 2 controlling inputs
- highly resistant polycarbonate housing
- tamper protection
 - against opening
 - against pull-off
- galvanized steel inner cover
- impregnated electronic circuits

SPW-220

SPW-220 Indoor siren with LED strobe

- compatible with all alarm control panels
- acoustic signal - piezo buzzer
- optical signal - LED sets
- 3 different sounds available
- durable ABS housing
- tamper protection against opening
- impregnated electronic circuits
- dimensions: 87x134x37mm
