

BND programming Manual

The programming manual is the same as original remote control. If our manual is not clear, you can search manual in google, youtube.also can contact us via Email. Anyway, we will try our best to make best service for you.

REMOTE INSTALLS TO TWO (2) MPC4 GARAGE DOOR OPENERS

FROM THE STREET LOOKING IN - Go to the left hand garage door opener & locate the control panel on the back of the opener. Look for the button that says **CODE SET** (Fig 1).

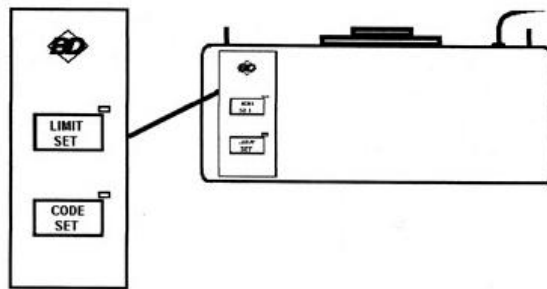

Fig 1

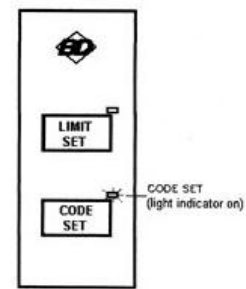

Fig 2

PRESS - CODE SET button once & the light will turn on (Fig 2) to indicate the receiver is ready to be re-programmed. **PRESS - BUTTON A** on the new remote for 5 seconds, the indicator light on the **CODE SET** button will turn off indicating the remote has been programmed.
