

DEA Manual

The programming manual is the same as original remote control. If our manual is not clear, you can search manual in google, youtube. also can contact us via Email. Anyway, we will try our best to make best service for you.

Below is the way to programming

1. Locate the programming button inside your DEA gate control enclosure

and press it briefly, an LED will light up on the receiver P.C.B., you now have 10 seconds to perform the next step.

2. Take the new transmitter and press the button that you wish to use to operate your receiver for one second. Now wait 30 seconds for the receiver to exit programming mode.

3. Programming is now complete and your new handset should now operate your receiver
