# 1 Connect to a Computer

**a.** Unplug the power cable and remove the case panel.

**b.** Locate an available PCI-E slot and carefully insert the adapter.

Note:
If the bracket is not suitable for your computer, detach it from the adapter's board and replace it with the low-profile bracket provided.

c. Connect the antennas to the adapter.

d. Replace the case panel, plug in the power cable and turn on your computer.

2 Install Driver

a. Insert the CD and run the **Autorun.exe**.

Note:
You can also download the driver from this product's Support page at www.tp-link.com.

b. Select **Archer T6E** and follow the instructions to complete the installation.

Note:
If you can't install the driver successfully, disable the antivirus software and firewall, then try again.
