5	Sharing a Device	5
6	Remove sharing	5
7	Smart Box Reset	6

1 Preliminary steps

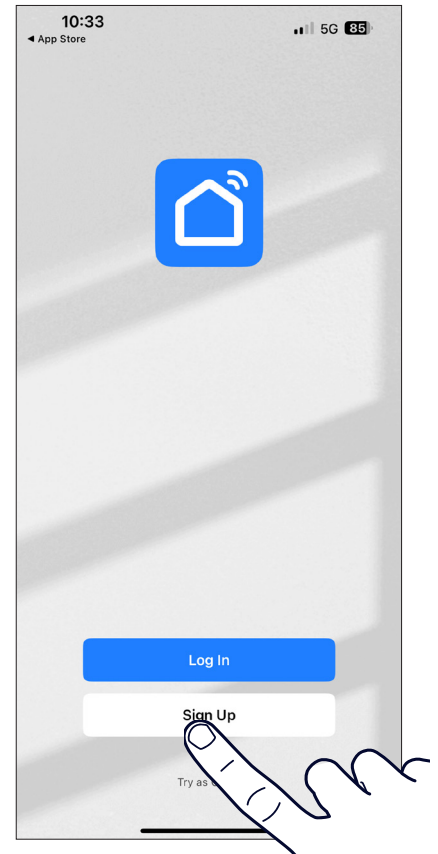

1.1 Go to the App Store or Play Store and download **Smart Life**

1.2 Make sure you are connected to the Wi-Fi network and check the SMART BOX is turned on.

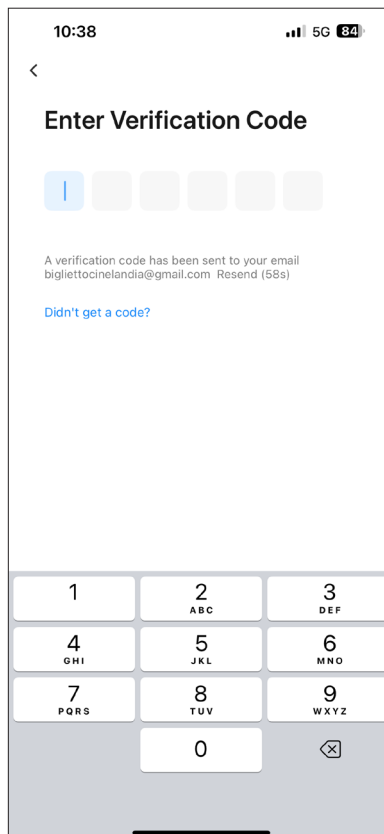

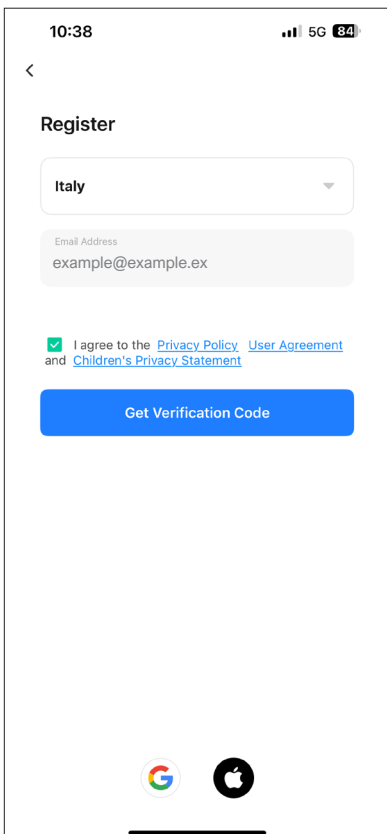

1.3 Create an Account

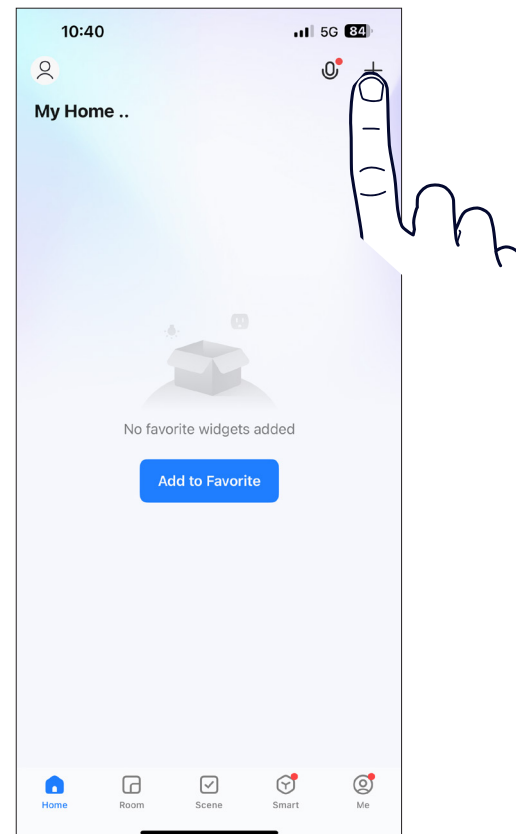

1.4 Select your country and enter your email

1.5 Enter the CODE received by email

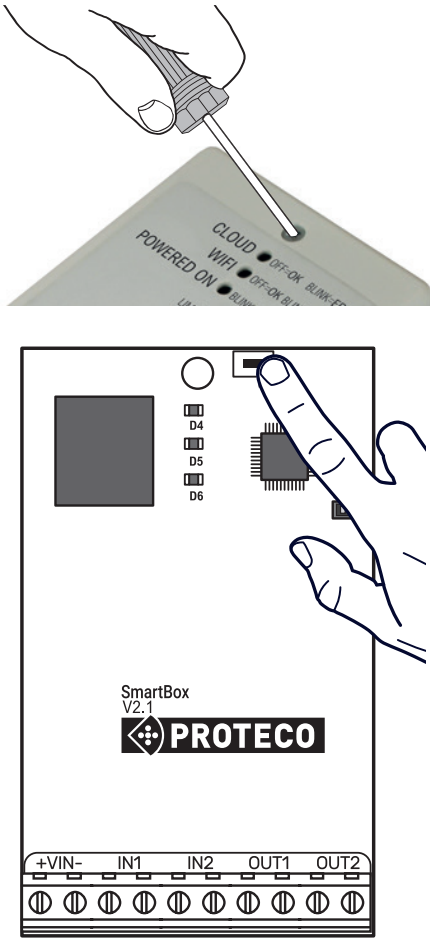

2 Add a device

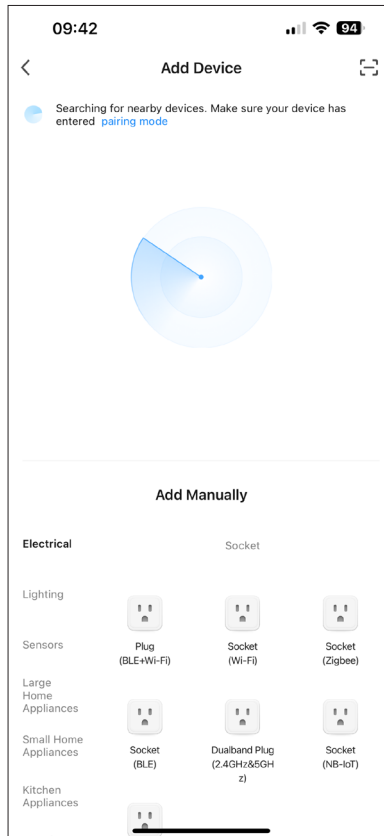

2.1 Press the button + then tap "Add Device"

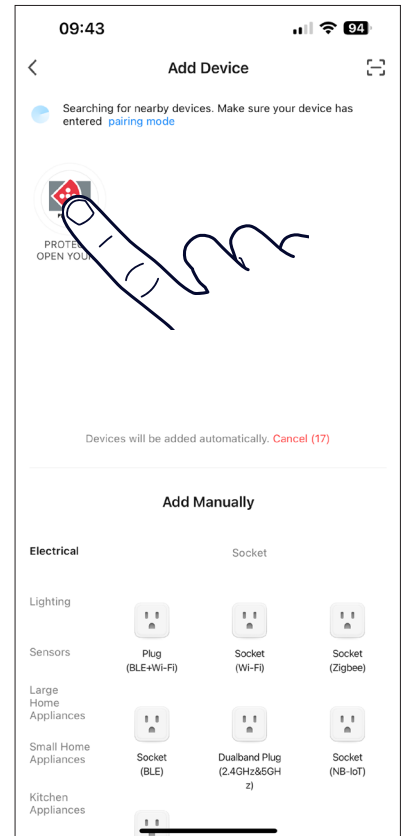

2.2 Remove the **Smart Box** cover.
Press the button for at least 10 seconds.

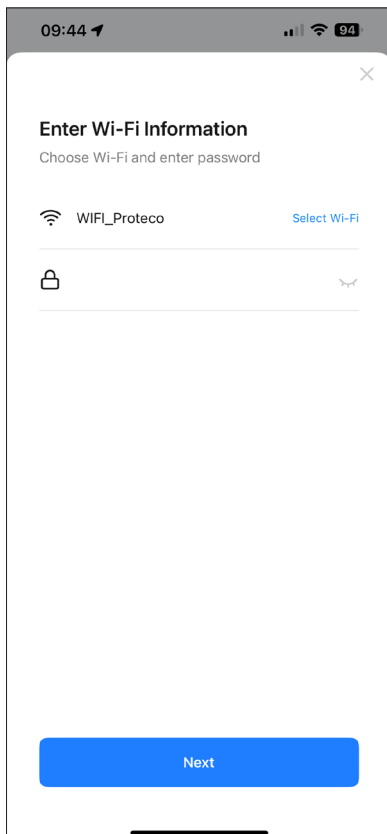

2.3 The App will search for pending devices (if an error occurs, consult the last page)

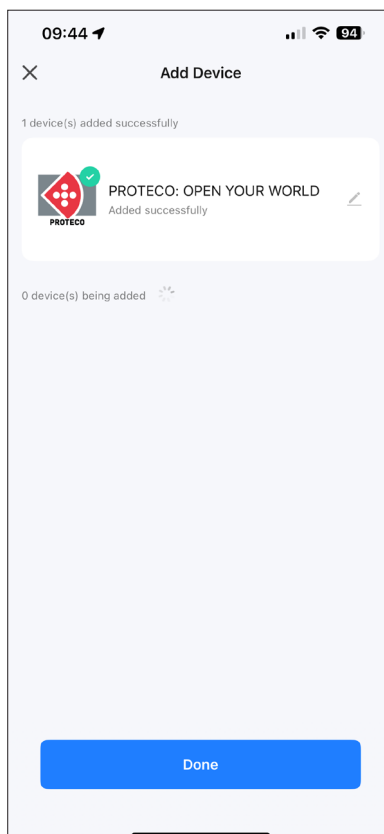

2.4 Once detected the device, select the icon

2.5 Select the Wi-Fi network and enter the password

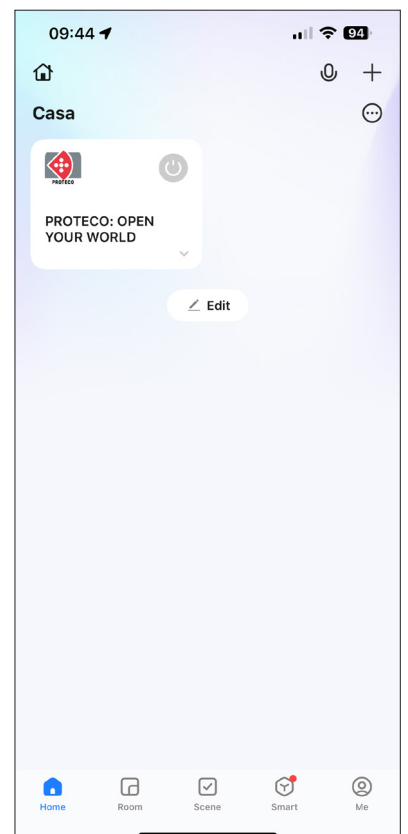

2.6 The **Smart Box** has been added successfully

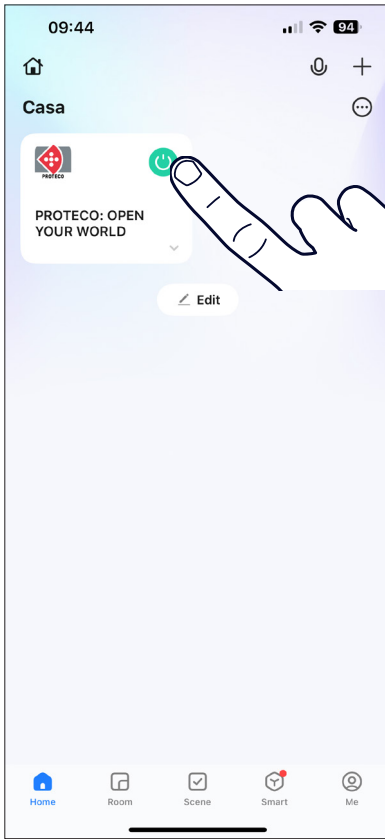

3 Using the App

3.1 Home Screen Overview

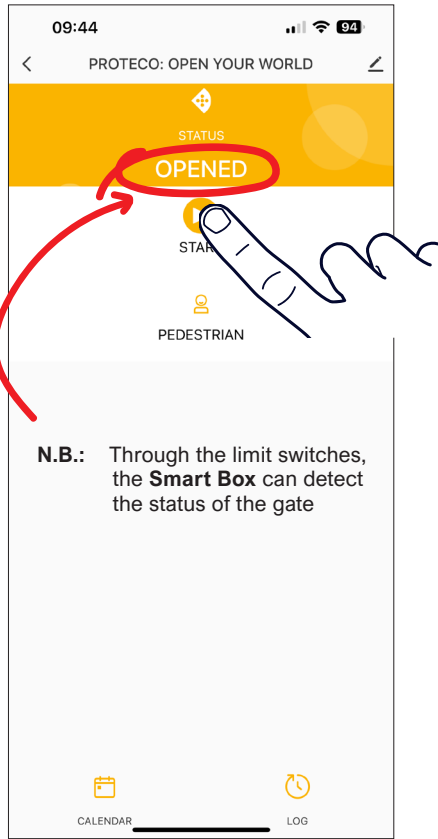

4 Commands

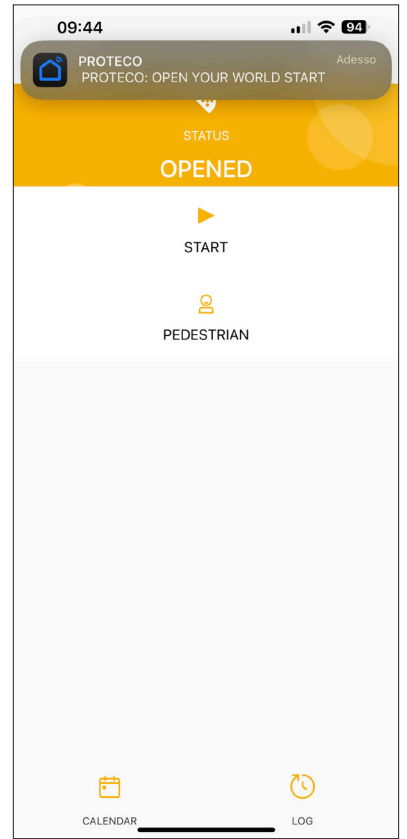

3.2 Quick Command "Start"

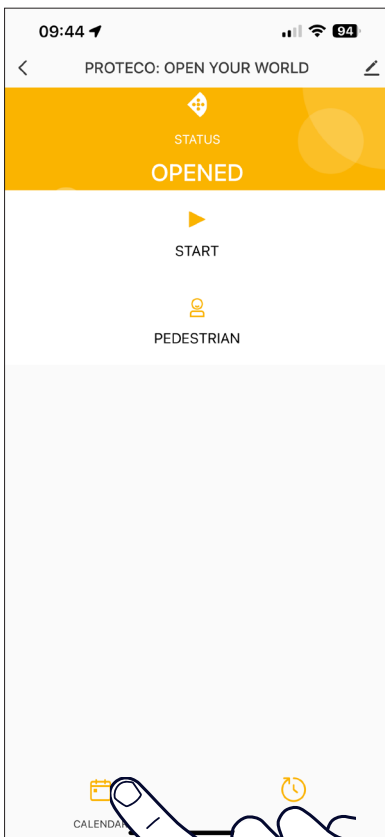

4.1 When you send a start command, it will be visible on the APP

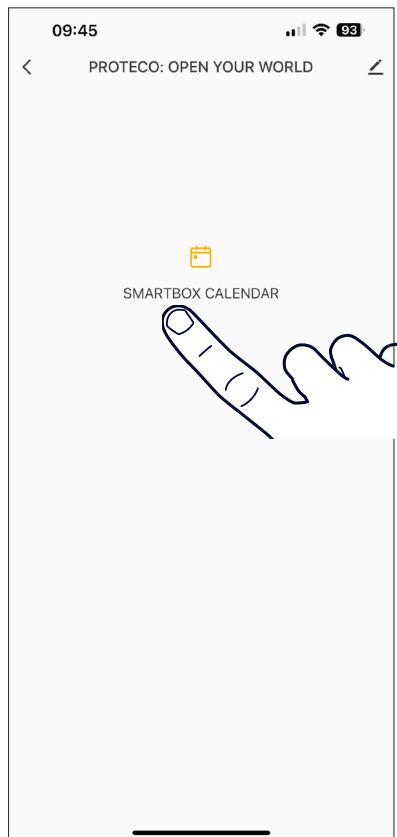

4.2 A notification is sent to all sharing devices (notification can be turned off)

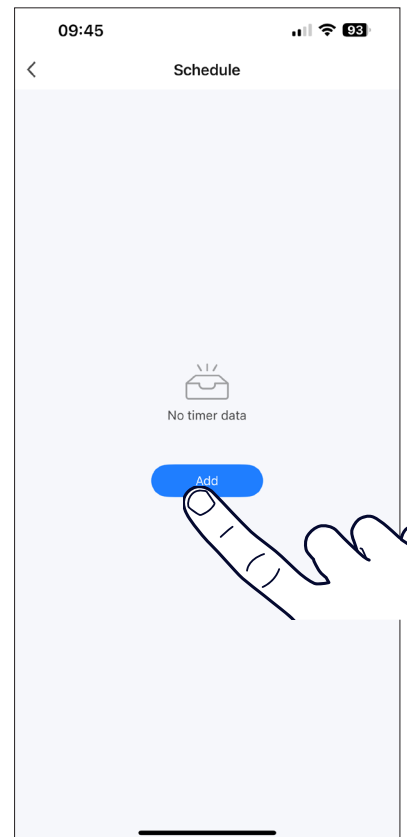

4.3 Routines' menu: Tap the icon at the bottom left

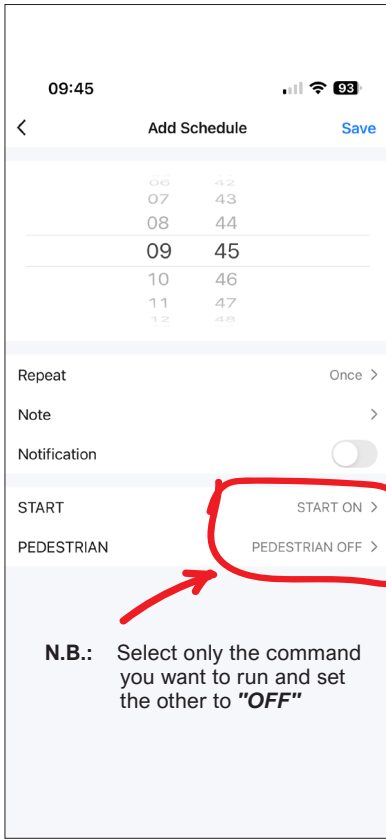

4.4 Select 'SMART BOX ROUTINES'

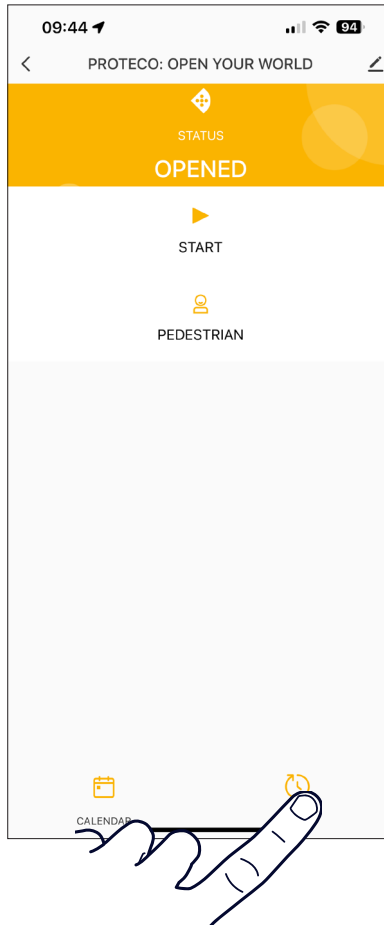

4.5 On this screen, you can see your active routines and create new ones by tapping 'Add'

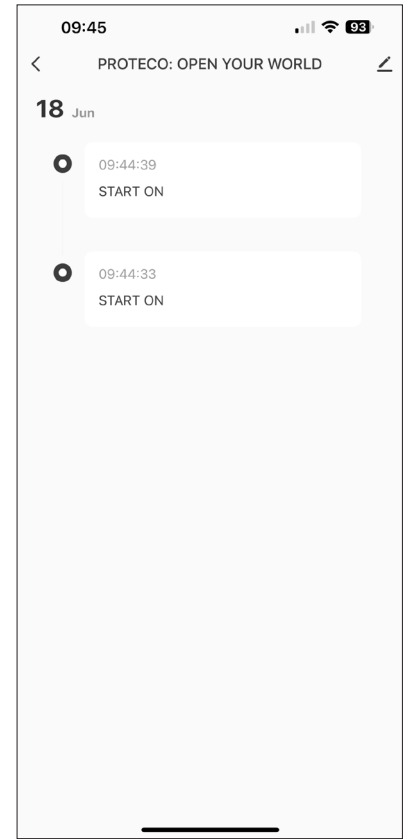

4.6 Set time and days, then turn the command notification ON or FF

4.7 History menu: Tap the icon at the bottom right

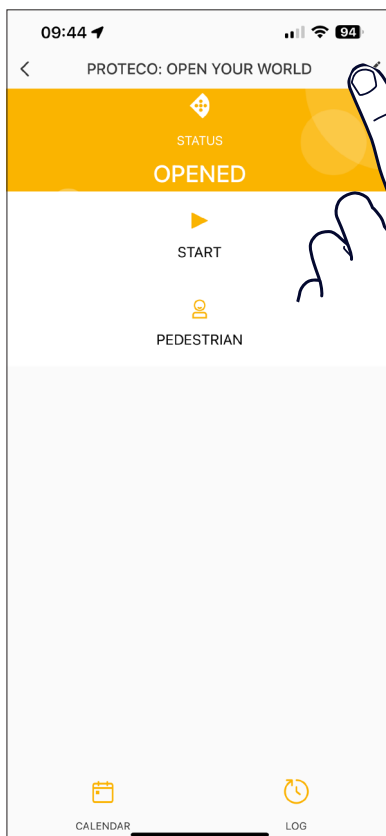

4.8 From this page, you can see the commands sent through the app

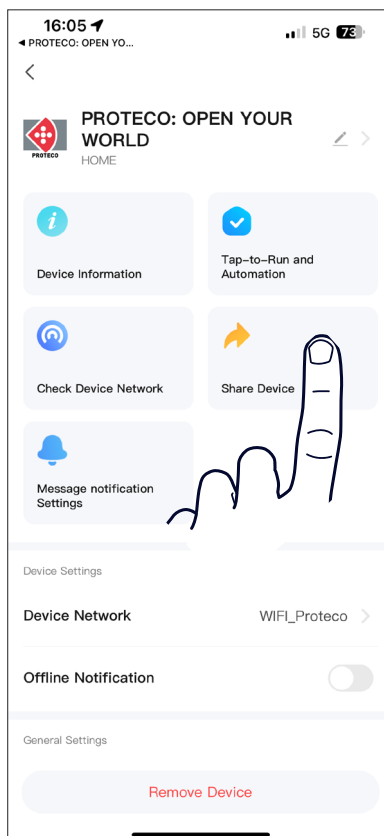

5 Sharing a device

The device can be shared with up to 20 users

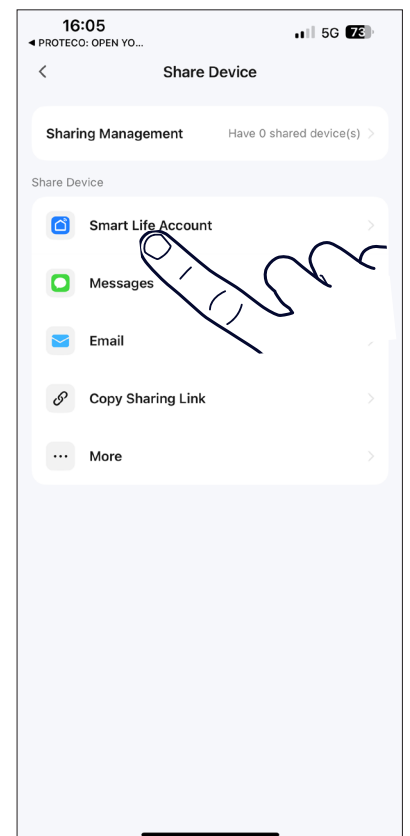

5.1 Tap the pencil icon at the top right

5.2 Tap "Share Device" icon

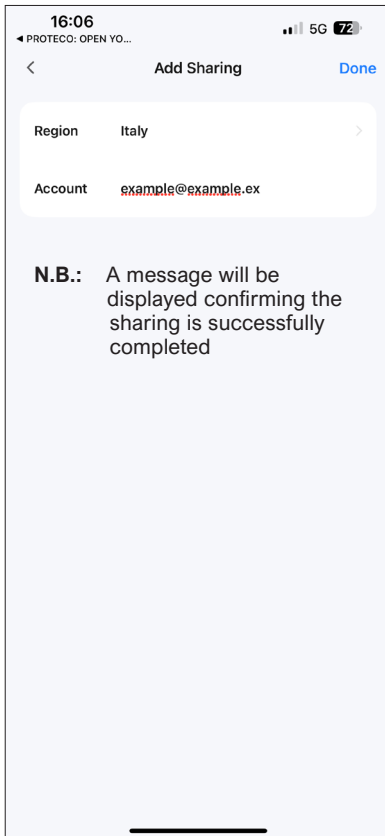

5.3 Tap "Account" icon

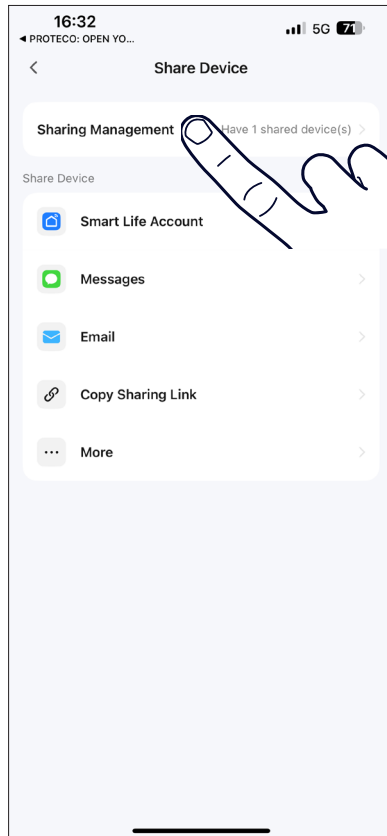

6 Remove sharing

5.4 Enter the country and **Smart Life** account email of another device

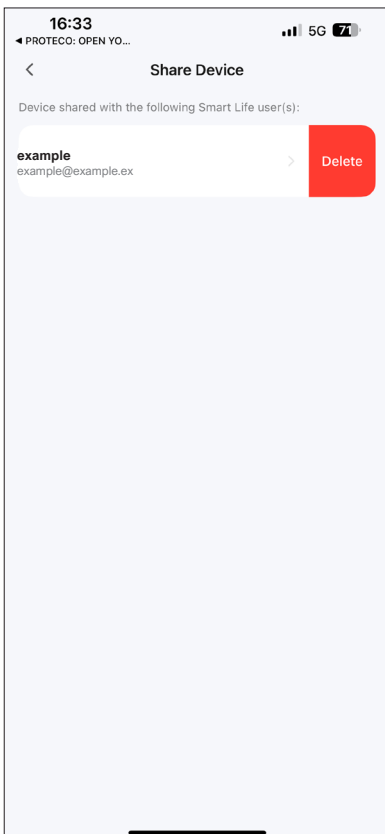

6.1 Tap "Sharing Management"

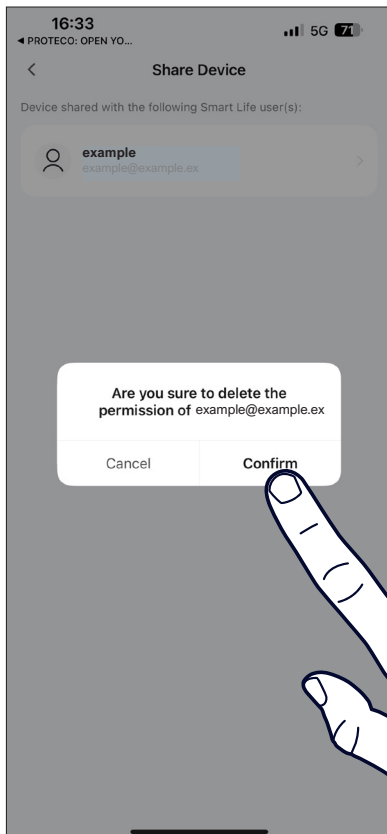

6.2 Select the user and swipe left.

6.3 Tap "Delete"

6.4 Tap "Confirm"

7 Smart Box reset

Remove the **Smart Box** cover.
Press the button for at least 10 seconds.

The center LED will start flashing — **the device is now reset and waiting.**
